REMARKS

Claim Amendments

The claims have been amended. Namely, claims 19 and 33 are hereby canceled without prejudice. In addition, claim 32 is amended to remove the term "substantially". No new subject matter has been added.

Specification Amendments

The specification has been amended to add reference numerals to the portion of the specification relating to the drawings as originally filed. No new subject matter has been added.

Drawing Amendments

Figures 1 to 9 have been amended to add reference numerals in accordance with the reference numerals that have been added to the specification. No new subject matter has been added.

Claim Rejections – 35 U.S.C. §112

Claims 19 and 33 are rejected under 35 U.S.C. 112 for being indefinite. This rejection is moot in view of the cancellation of these two claims.

Claims 32-43 are rejected under 35 U.S.C. 112 for being non-compliant with the enablement requirement. This rejection is moot in view of the amendment to claim 32.

Drawing Objections

The drawings are objected to under 37 CFR 1.83(a) for failing to show every feature of the invention specified in claims 19, 32, and 33. Claims 19 and 33 have been canceled. Claim 32 has been amended and the Applicant believes this objection is now moot.

The drawings are also objected to under 37 CFR 1.83(a) for failing to show all of the details as described in the specification. The Applicant believes the amended drawings provided herewith overcome this objection.

Conclusion

In view of the foregoing, the Applicant believes that all rejections have been overcome and early and favorable notice is earnestly solicited.

Respectfully submitted,
Leslie M. Landsberger et al.
